

# ITI Study Club

ITI Cornwall Study Club presents:  
**The Maxillary Sinus**  
with Neil Tan

**Tuesday 14 June 2022 6.30-9pm**

## **Aims**

To give delegates greater knowledge of the maxillary sinus  
Investigate what effects the maxillary dentition and dental implants have on the maxillary sinus

## **Objectives**

Show endoscopic and radiological photos and videos of the paranasal sinuses

At the end of the presentation participants will be able to:

- Describe the sinus, nose and nasopharynx in health
- Identify clinically relevant findings on a CBCT
- Describe the management of chronic mucosal conditions; what dental professionals can manage and what to refer
- Diagnose chronic and acute sinusitis and odontogenic rhinosinusitis

This Study Club entitles you to 2 hours CPD

## **Venue:**

The Alverton, Tregolls Road, Truro, Cornwall, TR1 1ZQ

## **Fees:**

**Speaker:**  
**Mr Neil Tan**  
**Consultant Rhinologist**

Neil Tan is a Consultant Rhinologist at the Royal Cornwall Hospital. He completed his ENT training in the East of England and during this period spent two years in Adelaide, Australia where, under the supervision of Prof PJ Wormald, he was awarded a PhD with distinction investigating the role of intracellular bacteria in the pathogenesis of Chronic Rhinosinusitis. After completing training, he undertook two years of sub-speciality fellowships in Anterior and Lateral Skull Base Surgery at Addenbroke's Hospital, Cambridge and in Advanced Rhinology and Endoscopic Skull Base Surgery in Adelaide, Australia as fellow to Prof PJ Wormald and Prof Alkis Psaltis.

Neil is an Honorary Senior Lecturer at the University of Exeter Medical School and Research Lead for the British Rhinologic Society and the NIHR Clinical Research Network South West Peninsula. He is a council member of the British Rhinologic Society and British Otorhinolaryngology & Allied Sciences Research Society.

Neil has a keen interest in medical education and postgraduate training having completed a Master of Education with distinction at the University of Cambridge and currently Chairs the Speciality Training Committee of ENT Trainees in the South West of England. He has taught at endoscopic sinus surgery courses in North America, Australia and the UK, and is hosting the First UK/EU Frontal Sinus Masterclass later this year.
